

# Civilserve Price List for Commercial Users

## Valid from October 2011

All prices are net, subject to value added tax and for a single licence. Prices for updates and licence packages on request. Please state your operating system when ordering.

Subject to price changes, mistakes and printing errors. Our General Terms and Conditions apply; they are included with this price list.

The copyright on all brand names and registered trade marks in this catalogue belongs to the respective manufacturer.

	Article no.	Manufacturer	Program	Summary	Net price in EUROS	Symbol
Geotechnical Analyses	ggu-01-101	GGU ZV mbH	GGU-SETTLE	Foundation settlement with mutual influence	1,950.00 € *1,300.00 €	~, m
	ggu-01-102	GGU ZV mbH	GGU-FOOTING	Analysis of bearing capacity to DIN 4017 old or new and settlements to DIN 4019 using the global or partial safety factor concept (DIN 1054)	1,050.00 € *700.00 €	~, m
	ggu-01-105	GGU ZV mbH	GGU-STABILITY	Slope stability analysis (DIN 4084, DIN E 4084, DIN 1054) incl. soil nailing and reinforced earth	2,790.00 € *1,860.50 €	~, m
	ggu-01-106	GGU ZV mbH	GGU-RETAIN	Analysis and design of soldier pile walls, diaphragm walls, sheet pile and in-situ concrete walls using the global or partial safety factor concept (DIN 1054), incl. EAU 2004 and EAB 2006	2,250.00 € *1,500.00 €	~, m
	ggu-01-107	GGU ZV mbH	GGU-UNDERPIN	Analysis and design of underpinning bodies using the global or partial safety factor concept (DIN 1054)	2,250.00 € *1,500.00 €	~, m
	ggu-01-108	GGU ZV mbH	GGU-TRENCH	Stability analysis of diaphragm walls to DIN 4126 or DIN 4126-100	690.00 € *460.50 €	~, m
	ggu-01-109	GGU ZV mbH	GGU-LATPILE	Analysis and design of elastically supported piles with user-defined modulus of subgrade reaction and stratigraphy using the global or partial safety factor concept (DIN 1054)	1,050.00 € *700.00 €	~, m
	ggu-01-110	GGU ZV mbH	GGU-AXPILE	Analysis of bored and driven piles to DIN 4014, DIN 1054, EA piles (EAP) and the Franke method	870.00 € *579.83 €	~, m
	ggu-01-111	GGU ZV mbH	GGU-ELASTIC	Analysis of plane and axis-symmetric deformation states (linear-elastic)	1,350.00 € *900.00 €	~, m
	ggu-01-112	GGU ZV mbH	GGU-CONSOLIDATE	Analysis of one-dimensional consolidation processes in single- and multi-layered systems with user-defined porewater pressure distribution	1,050.00 € *700.00 €	~, m
	ggu-01-113	GGU ZV mbH	GGU-SLICE	Stability analysis of a slope slice using the global or partial safety factor concept (DIN 1054)	180.00 € *116.81 €	~, m
	ggu-01-115	GGU ZV mbH	GGU-GABION	Analysis of stacked walls and "reinforced earth" structures using the global and partial safety factor concept (DIN 1054)	2,250.00 € *1,500.00 €	~, m
	ggu-01-116	GGU ZV mbH	GGU-SLOPE-PILE	Pile foundation for noise abatement walls to ZTV-Lsw 88 (Additional Technical Regulations and Guidelines for the Installation of Noise Abatement Walls on Roads)	490.00 € *340.00 €	~, m
	ggu-01-117	GGU ZV mbH	GGU-VIBRATION	Analysis of vibrations in structures using the M. Achmus, J. Kaiser and F. tom Wörden method	490.00 € *340.00 €	~, m
	ggu-01-118	GGU ZV mbH	GGU-CANTILEVER	Analysis and design of cantilever walls using the global and partial safety factor concept (including optimisation of spur width and reinforced concrete design)	2,250.00 € *1,500.00 €	~, m
	ggu-01-119	GGU ZV mbH	GGU-FILTER-STABILITY	Analysis of the filter stability of soils after Cistin/Ziems	100.00 € *71.43 €	~, m, !

	Article no.	Manufacturer	Program	Summary	Net price in EUROS	Symbol
Geohydraulic Analyses	ggu-02-002	GGU ZV mbH	GGU-SS-FLOW3D	Analysis of steady-state groundwater flow using the finite-element method in three-dimensional groundwater systems	2,370.00 € *1,579.83 €	~, m
	ggu-02-009	GGU ZV mbH	GGU-3D-TRANSIENT	Plug-in module for GGU-SS-FLOW3D: Analysis of transient groundwater flow in three-dimensional groundwater systems	1,080.00 € *720.17 €	~, m
	ggu-02-006	GGU ZV mbH	GGU-SS-FLOW3D	Analysis of steady-state groundwater flow using the finite-element method in two-dimensional groundwater systems	2,250.00 € *1,500.00 €	~, m
	ggu-02-007	GGU ZV mbH	GGU-2D-TRANSIENT	Plug-in module for GGU-SS-FLOW2D: Analysis of transient groundwater flow in two-dimensional groundwater systems	380.00 € *247.90 €	~, m
	ggu-02-008	GGU ZV mbH	GGU-CONTAM FE/RW	Plug-in module for GGU-SS FLOW 2D: Substance propagation analyses in two-dimensional groundwater systems	760.00 € *495.80 €	~, m
	ggu-02-003	GGU ZV mbH	GGU-DRAWDOWN	Analysis of multiple well installations	1,350.00 € *900.00 €	~, m
	ggu-02-004	GGU ZV mbH	GGU-SEEP	Analysis of installations for the infiltration of precipitation run-off to DWA-A 138 (April 2005)	570.00 € *380.67 €	~, m
	ggu-02-005	GGU ZV mbH	GGU-UPLIFT	Analysis of buoyancy safety and hydraulic failure safety using the global and partial safety factor concept (DIN 1054) in one-dimensional systems	180.00 € *116.81 €	~, m

	Article no.	Manufacturer	Program	Summary	Net price in EUROS	Symbol
Borehole Evaluation	ggu-03-101	GGU ZV mbH	GGU-STRATIG	Visualisation of stratigraphic logs, data transfer with GGU-BORELOG	2,670.00 € *1,780.67 €	~, m
	ggu-03-102	GGU ZV mbH	GGU-BORELOG	Compilation of boring logs to ISO 14688-1, ISO 14689-1 or DIN 4022, data transfer with GGU-STRATIG	55.00 € *36.13 €	~, m

price

	Article no.	Manufacturer	Program	Summary	Net price in EUROS	Symbol
Laboratory Testing	ggu-04-001	GGU ZV mbH	GGU-SIEVE	Evaluation and visualisation of grain size distributions to DIN 18123 (soil type to DIN old/new, SEP, ASTM, soil group and frost resistance to DIN, standard SN 670 008 a, USC)	625.00 € *411.76 €	~, m
	ggu-04-002	GGU ZV mbH	GGU-COMPACT	Evaluation and visualisation of Proctor compaction tests to DIN 18127	625.00 € *411.76 €	~, m
	ggu-04-003	GGU ZV mbH	GGU-LABPERM	System for evaluation and visualisation of permeability tests	625.00 € *411.76 €	~, m
	ggu-04-004	GGU ZV mbH	GGU-ATTERBERG	Evaluation and graphical visualisation of consistency limits to DIN 18122 (Part 1), plasticity diagram to ASTM and BS 5930	450.00 € *300.00 €	~, m
	ggu-04-005	GGU ZV mbH	GGU-ENSLIN	Evaluation and graphical visualisation of Enslin tests to DIN 18132	290.00 € *192.44 €	~, m
	ggu-04-006	GGU ZV mbH	GGU-DIRECTSHEAR	Evaluation and graphical visualisation of direct shear tests	290.00 € *192.44 €	~, m
	ggu-04-007	GGU ZV mbH	GGU-OEDOM	Evaluation and graphical visualisation of oedometer tests (load-settlement curves)	290.00 € *192.44 €	~, m
	ggu-04-008	GGU ZV mbH	GGU-TIMESET	Evaluation and graphical visualisation of time-settlement tests	290.00 € *192.44 €	~, m
	ggu-04-009	GGU ZV mbH	GGU-UNIAXIAL	Evaluation and graphical visualisation of unconfined compression tests to DIN 18136	290.00 € *192.44 €	~, m
	ggu-04-010	GGU ZV mbH	GGU-TRIAXIAL	Evaluation and graphical visualisation of triaxial compression tests to DIN 18137	870.00 € *579.83 €	~, m
	ggu-04-011	GGU ZV mbH	GGU-DENSITY	Evaluation and tabulated visualisation of density tests to DIN 18125	290.00 € *192.44 €	~, m
	ggu-04-012	GGU ZV mbH	GGU-WATER	Evaluation and tabulated visualisation of water content tests to DIN 18121	100.00 € *71.43 €	~, m
	ggu-04-013	GGU ZV mbH	GGU-LIME	Evaluation and visualisation of lime content to DIN 18129	100.00 € *71.43 €	~, m
	ggu-04-014	GGU ZV mbH	GGU-LOI	Evaluation and visualisation of loss on ignition to DIN 18128	100.00 € *71.43 €	~, m
	ggu-04-020	GGU ZV mbH	GGU-GRAIN-DENSITY	Determination and visualisation of grain density using the German Standard DIN 18124 with a capillary pyknometer (CP)	100,00 € *71,43 €	~, m
	ggu-04-021	GGU ZV mbH	GGU-SHRINKAGE	Determination and visualisation of shrinkage limit using the German Standart DIN 18122 (Part 2)	100,00 € *71,43 €	~, m

	Article no.	Manufacturer	Program	Summary	Net price in EUROS	Symbol
Field Investigation	ggu-04-015	GGU ZV mbH	GGU-TIME GRAPH	Management and visualisation of time-dependent data as hydrographs and contours (incl. sections and ASCII import of SEBA data)	870.00 € *579.83 €	~, m
	ggu-04-016	GGU ZV mbH	GGU-GEO GRAPH	Management and three-dimensional visualisation of data as contours, circle, pie and bar charts, etc., incl. sections	870.00 € *579.83 €	~, m
	ggu-04-017	GGU ZV mbH	GGU-SLUGTEST	Evaluation and representation of slug and bail tests	570.00 € *380.67 €	~, m
	ggu-04-018	GGU ZV mbH	GGU-PLATELOAD	Evaluation and visualisation of plate-loading tests to DIN 18134	630.00 € *419.33 €	~, m
	ggu-04-019	GGU ZV mbH	GGU-PUMPTEST	Evaluation and representation of pumping tests	570.00 € *380.67 €	~, m
	ggu-09-101	GGU ZV mbH	GGUCAD	CAD program for post-processing GGU result graphics	55.00 € *36.13 €	~, m

	Article no.	Manufacturer	Program	Summary	Net price in EUROS	Symbol
Structural Analysis	ggu-06-202	GGU ZV mbH	GGU-SLAB	Analysis of slabs using the modulus of subgrade reaction or constrained modulus methods (incl. adaptation of slab reinforcement to DIN 1045-1)	1,350.00 € *900.00 €	~, m

**Legend:**

- ! New application in our sales range.
- ~ The licences are stored on a CodeMeter stick (CM stick for USB port) (not included in licence price, prices from €70.00 net). CM sticks are also available with Flash memory up to 2 GB for your personal data. Request our current price list! Printed manuals are available for €15.00 each net. Domestic German shipping with a parcel service costs €10.00 net (shipping costs within Europe: €45.00 net, shipping outside of Europe €100.00).

**Additional remarks/marking:**

- \* The GGU programs use what are known as *floating network* licences. They are capable of being used in both German and English!
- \* The economical starter prices refer to non-network-capable GGU licences. The price-reduced non-network licences cannot be discounted further.
- m As an alternative to purchasing a full version the software can be leased via our WIBU-SYSTEMS AG distribution partner's internet shop. WIBU-SYSTEMS AG operates the CodeMeter shop at the following internet address: <http://bausoftware.codemeter.de>. Please note that only the NON-NETWORK prices for the respective program licences are shown in the licence overview for the individual software areas. Only after you have clicked the licence required is a detailed list of the possible licence model options displayed (including a number of leasing models) with the corresponding prices. GGU-Software leasing is available exclusively via the CodeMeter shop. You will need either an existing or new CodeMeter stick to enable the licence (not included in lease or licence price).
